WORKPLACE HYGIENE POSTERS

Presenting a package of precautionary signages, which helps maintain a prefect sanitation system in the workplaces.

LET'S MAKE THE WORLD COVID FREE.

Download Safety Posters (FREE) and spread awareness

The world is going through a pandemic and thus, people have to get more concerned about hygiene, cleanliness and safety measures. As the business and workplaces are reopening soon, we all need to follow the new normalcy in our daily routine and some basic civic rules to protect ourselves from the deadly virus, Covid 19.

#BeeSafe is an initiative by Be The Bee that speaks about the precautionary measures we strictly need to follow.

It helps everyone work at ease and stay healthy. As everyone of us needs to follow the new sanitation norms and preventive practices, **#BeeSafe** posters and signs will play a pivotal role in maintaining the perfect sanitation system in the workplaces.

Feel free to download and use. Add your own logo on the bottom right hand corner.

These are A4 posters, that can be scaled up to A1 size.

A complete safety posters collection for a comprehensive safety concern.

Don't kiss coronavirus!
